Title of Invention: Methods of Isolating Amyloid-Inhibiting Compounds and Use of Compounds Isolated from Uncaria tomentosa and Related Plants

Seattle, Washington 98109  
November 26, 2003

TO THE COMMISSIONER FOR PATENTS  
PO Box 1450  
Alexandria, VA 22313-1450

STATUS INQUIRY

Applicants through their attorney of record respectfully request that the status of the above-identified patent application be communicated immediately to their attorney at the address or phone number below. Applicant filed the above referenced application on 7/21/2003 by US Express Mail, and received the postcard with the serial number and filing date listed, which confirmed receipt of the application by the Patent Office. No further communication on this application has been issued by the Patent Office.

We are no longer enclosing a self addressed card for the purpose of your returning it to us with the status, because the mail room consistently removes it (even though we staple it, as specified, to the request) and sends it back to us along with the card we provide for the purpose of indicating the receipt of this request.

Respectfully submitted,

PATRICK MICHAEL DWYER  
Reg. No. 32,411
